

SEFER UNUVAR

Senior Cloud & Infrastructure Specialist

Dubai, UAE

unvr.sefer@gmail.com | +971 50 585 9064

PROFESSIONAL SUMMARY

Senior Cloud & Infrastructure Specialist with over 15 years of experience designing, operating, and optimizing enterprise-scale hybrid infrastructures. Deep expertise in Microsoft Azure and hybrid cloud architecture, Microsoft 365 and Entra ID identity management, Windows Server and Active Directory environments, and VMware virtualization. Strong background in infrastructure monitoring and observability using Grafana, Zabbix, and Elastic Stack, along with enterprise security and privileged access solutions including CyberArk, Fortinet, and Symantec. Experienced in backup and disaster recovery operations with Veeam and leading complex migration initiatives such as cross-forest and tenant-to-tenant transitions. Proven track record in finance, logistics, and healthcare environments where stability, security, and compliance are mission-critical. Currently based in Dubai to expand global exposure and contribute to world-class organizations that value operational excellence and scalable infrastructure foundations.
